SUMMARY

Full-stack Web Developer specializing in **Next.js and React**, with hands-on experience building **scalable, real-time, and production-ready applications**. Strong in designing responsive UI, developing secure REST APIs, integrating authentication, databases, and payment systems. Experienced in building **e-governance and agri-tech platforms** with a focus on performance, usability, and clean architecture.

TECHNICAL SKILLS

- Frontend — Next.js, React.js, Tailwind CSS, shadcn/ui
- Backend — Node.js, Express.js, REST APIs, Socket.IO
- Databases — MongoDB, PostgreSQL, Firebase Firestore
- Auth & Payments — Clerk, Firebase Auth, Razorpay
- File Storage — ImageKit, Firebase Storage
- Tools — Git, GitHub, Docker, Postman
- Languages — JavaScript, TypeScript, Java, Python

EXPERIENCE

Unified Mentor Pvt. Ltd., *Web Development Intern*

06/2024 – 07/2024

- Developed **modern, responsive full-stack web applications using Next.js**, with a focus on performance optimization and clean UI architecture.
- Designed and implemented an **E-Gram Panchayat Portal** with **role-based access control**, enabling scheme creation, online applications, and structured approval workflows.
- Reduced manual processing by approximately 70–80%** by digitizing workflows and implementing efficient backend automation.

PROJECTS

SmartAgriWaste | smart-agriwaste.vercel.app

09/2025 – 12/2025

- Built a **full-stack agri-waste management platform** enabling farmers to identify optimal waste-management processes, list agricultural waste, and allow buyers to browse, negotiate, and purchase materials.
- Implemented secure authentication and user management using **Clerk**, including **Clerk webhooks** for event-based user handling.
- Integrated **Razorpay** payment workflows, **ImageKit** for media storage, and **push notifications using OneSignal** to enhance user engagement and transactional reliability.

Tech Stack: Next.js, Tailwind CSS, shadcn/ui, ImageKit, Node.js, Express.js, MongoDB, Clerk, Socket.IO, Razorpay, Docker

E-Gram Panchayat Portal | e-gram.vercel.app

06/2024 – 07/2024

- Developed a digital governance platform for managing village-level government schemes.
- Enabled role-based workflows for panchayat members, villagers, and administrators.
- Enhanced transparency, reduced paperwork by 70% to 80%, and improved efficiency in scheme distribution.

Tech Stack: Next.js, Tailwind CSS, Firebase Firestore, Firebase Authentication, Firebase Storage, Firebase Realtime

EDUCATION

B.E. Computer Science and Engineering, *Sipna College of engineering and technology. Amravati*

2023 – Present

Diploma in Computer Science and Engineering, *Govt Polytechnic Arvi*

2020 – 2023

CERTIFICATIONS

- Google AI/ML Internship Certificate

SOFT SKILLS

Problem Solving | Team Collaboration | Requirement Analysis | Communication | Time Management
